

Legacy Stables Newsletter

FEBRUARY 2017

Legacy Stables, a Horse Lover's playground!

2017 has been off to a great start! We've been busy planning for expos, creating curriculum, preparing for competitions, updating marketing materials, and getting ready for all that is to come this year. The horses are doing well and love to take a break from the snow to run, roll, and play in the arena. Riders and vaulters continue to brave the weather and are all making great progress!

Thank you to everyone who came to our Vision Casting in January! We had such a nice time sharing stories about how Legacy Stables has impacted lives, reflecting on 2016, and planning for what is to come in 2017. Last month we also had a blast sharing our horses and vaulting at the Kid's & Family Expo! It was great to meet so many new faces; we hope to see you at the stables soon!

Come see us at the Stallion Expo in Lansing March 10-12! We will have a Beginning Vaulting clinic, several demonstrations, and the chance to try vaulting yourself.

Sign-Up now for Spring Break and Summer 'Own-A-Horse' Camp!! We have been adding to our curriculum and you do not want to miss out on all the horsey learning and fun to be had!

Introducing: 'Teddy'!! Be sure to come meet our newest member of the herd next time you are at the stables! Just look for his little teddy bear ears and a white spot on the base of his tail.

Karin's Tidbits

Isn't snow so pretty? No reason to ever use the 'C' word if you dress warm enough! Focus on the positives and get outside! (Every time you use the 'C' word at the stables, it cost \$1! With the amount collected we will buy a new water heater ;)
